

Furvise Vet Visit Brief

Prepared Sep 12, 2026 | Covers Dec 1, 2025 to Dec 3, 2025

Sable | Dog

Breed: Synthetic launch QA - Labrador | Age: 4 years | Profile weight: Not recorded

Selected owner records, not a complete medical record.

Reason for visit

Routine appointment to discuss Sable's recorded scent-game activity on December 1 and December 3, 2025.

Visit overview

The record shows two scent-game sessions, on Dec 1 and Dec 3, 2025, lasting 11 and 13 minutes. No health concern, symptom, or diagnosis is documented in these notes. The latest recorded entry is Dec 3, 2025: played a scent game for 13 minutes.

Supporting care history

- Dec 1, 2025 | General: Saved care history shows: Dated care note - December 1, 2025: played a scent game for 11 minutes.
- Dec 3, 2025 | General: Saved care history shows: Dated care note - December 3, 2025: played a scent game for 13 minutes.

Questions to discuss

- Do these scent-game entries need any medical follow-up, or are they just routine enrichment notes?
- Is there anything specific you'd want tracked if these activity logs are kept going forward?
- Are there any signs to watch for that would make this kind of activity note relevant to a health visit?

Owner additions

Internal QA export check. Not for clinical use.
